serts One Speaker—Another De-
clares Fifty Per cent of the Schol-
ars Leave Before They Are Fourteen
Years Old.

St. Paul, July 11.—When the last word of a long program sounded at the final general session of the fifty-second annual convention of the National Education association in the Auditorium American teachers had heard what was perhaps the most sweeping arraignment of educational systems and policies ever uttered at all the meetings of the organization.

Six of the country's foremost educators, all of them former presidents of the association, were the speakers. They are John W. Cook, president of the State Normal school, DeKalb, Ill.; James M. Greenwood, advisory superintendent of schools, Kansas City, Mo.; Lorenzo D. Harvey, president of Stout Institute, Menomonie, Wis.; Edward T. Fairchild, president of the New Hampshire College of Agriculture and Mechanic Arts, Durham; Carroll G. Pearce, president of the State Normal school, Milwaukee, Wis.; and James Y. Joyner, state superintendent of public instruction, Raleigh, N. C. The topic was "The Needs of the Public Schools."

Picks Numerous Flaws.

Superintendent Greenwood, president of the N. E. A. in 1908 and now a life director, a member of the board of trustees and a member of the executive committee of the National Council of Education, picked flaw after flaw in the existing order and was most insistent in his condemnation of modern pedagogic methods.

"The average life of a teacher is six years. Every year 80,000 new teachers begin their work and three-fourths of them are without adequate preparation," said Dr. Cook. "We need a thoroughly trained teacher in every school and we find that the body of teachers, the hope of the world, is not of professional rank."

President Fairchild declared that the office of state and county superintendent of schools must be taken out of politics in the interest of efficiency. President Harvey cited figures showing that 75 per cent of all the young people who enter the elementary schools leave at the end and that 50 per cent of all the children leave before they are fourteen years old.

Must Train the Hand.

"We must find something to hold them," he said. "We must train the hand, for 90 per cent of them go out to earn their living with their hands," he said.

"Democracy demands that the schools of the people shall serve not a few alone, but the many," declared Superintendent Joyner. "It demands that their work and courses of study shall be adapted to the needs and the capacity of the child of one talent and the child of ten talents, to the needs and conditions of the industrial masses and the professional classes, of the rural and of the urban population, of the poor and the rich, of the weak and of the strong, of the black and of the white, of the Jew and of the Gentile."

"Our elementary school course of study, particularly in the grammar grades, is no longer adapted to the needs of our boys and girls and too many leave school before they finish the eighth grade," said President Pearce. "Our school masters are worried over this and are looking for some cure."

RELIEF FOR FIRE VICTIMS

Congress Appropriates \$200,000 to Aid
Salem, Mass.

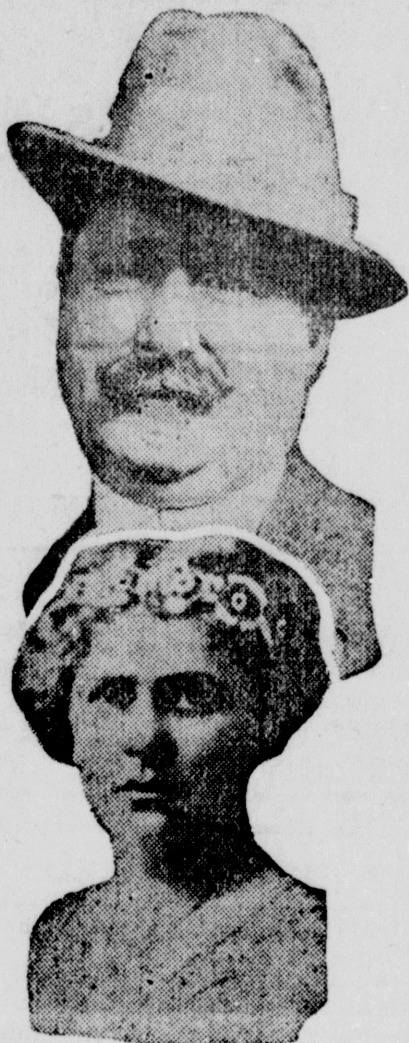

Washington, July 11.—Congress appropriated \$200,000 for the relief of sufferers from the Salem, Mass., fire. The house, in spite of vigorous opposition led by Chairman Fitzgerald of the appropriations committee, accepted by a vote of 161 to 66 a senate amendment to the sundry civil bill to provide the money.

The president had urged the appropriation in a special message and the Massachusetts delegation had been pressing for action for a week.

Representative Fitzgerald told the house that while the sympathy of every one went out to the destitute people of Salem it was no part of the federal functions to appropriate money for them.

Chaffeur Killed in Crash.
Lemont, Ill., July 11.—One man was killed and two men and a young woman were injured seriously when an automobile in which they were riding was struck by an interurban car at a crossing of the Chicago and Joliet Electric railroad, near here. John Soki, Chicago, driver of the automobile, was killed.

MRS. CARMAN STAYS IN JAIL

Her Examination Is Deferred Until
July 21.

Mineola, N. Y., July 11.—It will be eleven days at least before Mrs. Florence Conklin Carman, accused of the murder of Mrs. Louise Bailey, can hope to leave the Nassau county jail here, according to an agreement reached between her counsel, George M. Levy, and District Attorney Louis J. Smith.

Mrs. Carman's examination before a justice of peace, set for Monday, has been deferred by agreement of counsel until July 21.

FOILED IN EFFORT
TO REGAIN CHILDSt. Louis Man Kills One and
Wounds Three.

St. Louis, July 11.—Foiled in an attempt to regain their child from his estranged wife, and her parents, Edward Ellebrack shot and killed his mother-in-law and then shot his wife, his father-in-law and a visitor at the home.

He also tried to shoot his sister-in-law, but missed her and attempted to shoot his brother-in-law, but had run short of bullets by that time. Ellebrack escaped.

Ellebrack had called at the home of his wife's parents and found the entire family sitting on the porch. At an opportune time he made a grab at Edna, their two-year-old daughter, who was sitting in his wife's lap. The family jumped to the aid of his wife.

Ellebrack dropped the child, whipped out a revolver and began shooting. Taking careful aim he shot first at his mother-in-law, then his father-in-law, his wife, Wernecker and Mrs. Celia Hortsman, his sister-in-law, all of the latter fell wounded. He escaped.

PERFECTING TRUST BILLS

Senate Committees Hope to Present
Measure Monday.

Washington, July 11.—Determined to perfect the administration anti-trust bills by Monday if possible the senate judiciary and interstate commerce committee labored long and earnestly.

The interstate commerce committee succeeded in perfecting the interstate trade commission bill already before the senate, adding two important amendments and determining not to amend the much questioned section 5 in which unfair competition is declared unlawful.

GOTHAM PRISONERS MUTINY

Convicts on Blackwell's Island At-
tack Warden and Guards.

New York, July 11.—Mutinous prisoners in the penitentiary on Blackwell's Island, many of whom have been put on bread and water fare because of outbreaks, attacked their guards. When the doors of the forty-four cells were opened the men swarmed into the corridors and, seizing heavy galvanized iron buckets, hurled them at the guards and the warden.

Funeral Parade Is Barred.
New York, July 11.—Mayor Mitchell has instructed the police not to allow the procession Alexander Berkman, anarchist, and his associates proposed to hold in honor of the three men who were killed in a Harlem tenement house last Saturday by a bomb explosion.

G. O. P. LEADERS
WANT ROOSEVELTColonel Most Available Man
For 1916 Nomination.

GOOD CANDIDATES SCARGE.

General Impression Among Republicans in Washington Is That They Can Win With T. R.—Important Bills Held Up and Will Not Be Considered Before the Short Session.

By ARTHUR W. DUNN.

Washington, July 11.—[Special.]—"Roosevelt will be nominated by the Republicans in 1916 if he does not put it beyond our power to vote for him," was a statement made by one of the prominent members of the house of representatives.

That and similar statements have been made by dozens of Republicans who earnestly supported President Taft in 1912. The general expressions among Republicans would indicate that they think that they can win with Roosevelt, and they seem to be anxious that he shall not take such a prominent part in the present campaign as to make his nomination impossible.

No One In Sight.

"Here we are within less than two years of the time when we will be naming a candidate for president, and there is no one in sight that could be suggested as a probability of the Republican nomination in the event that Roosevelt's nomination becomes impossible." That remark was made by the same Republican, and he was but restating the conclusions of many Republicans who discuss politics in the cloak rooms and committee rooms of the capitol.

It is certainly a peculiar condition. Two years before the last Democratic convention, with the possibility of success ahead, the Democrats had an array of candidates which seemed to indicate a marvelous quantity of presidential talent. But here are the Republicans, rather confident of success in 1916, but without any idea as to who shall be their standard bearer.

Important Measures Held Up.

The senate took time to run through the calendar of business not long since and found that there were a large number of important measures that were still held up awaiting time for consideration. One of these is the immigration bill, and another is the radium bill.

Then there are several amendments to the constitution, one of which Senator Shafroth of Colorado insists shall receive attention. It proposes to change the time of the inauguration and the times when terms of congress shall begin. Then there are public land bills of various kinds which senators hope to have considered. It looks as if all of this legislation might be put over to the short sessions.

"In the Nine Hole."

I think it is an expression from pin pool "In the nine hole," a place which is generally considered undesirable. In the senate there have a rule nine calendar, and when bills go on that calendar they are practically in the nine hole, with not much hope of resurrection. A resolution which was debated at considerable length and provided for the limitation of the amount of money which senators could expend for telegrams has found its way to the calendar under rule nine, with the chances of remaining in that undesirable position until it is entirely forgotten.

Ashurst Surprised Them.
Senator Ashurst of Arizona by an unexpected situation found himself chairman of the committee on Indian affairs. The Indian appropriation bill is about as difficult a proposition as any man pilots through the senate, and everybody was wondering what Senator Ashurst was going to do with it. The Arizona senator is a right good talker, and he likes to hear himself talk about as well as anybody else.

It was expected that he would answer every inquiry and speak on every provocation when the Indian bill was up, but he surprised them all by remaining quiet and only answering questions that were directly put to him. There was a lot of talk on the Indian bill, but mighty little of it came from Ashurst. The result was that everybody congratulated him upon the manner in which he handled the Indian bill.

Farmers in Congress.

It is quite a popular fad for members of congress to call themselves farmers, and nearly all of the southern men, although they are mostly lawyers, often class themselves as farmers. In addition to practicing law nearly every southern member has a good sized farm somewhere. The southerners pride themselves on their farming abilities.

Confidence in Bristow.

A number of bills were being considered in the senate and finally a claim bill was reached, and some senator suggested that the bill go over until its provisions could be explained. "There can be no question whatever about any claim bill that has been reported by the senator from Kansas, Mr. Bristow," declared Senator Smoot of Utah. "This is a just claim or he never would have reported it."

Militant Suffragette Has Narrow Es-
cape From Lynching.

Perth, Scotland, July 11.—A militant suffragette uttering an exultant yell sprang on to the footboard of an automobile in which King George and Queen Mary were driving through the streets of Perth.

The woman, identified as Rhoda Fleming, from Glasgow, seized the handle of the door before the paralyzed police could act. Two policemen then seized her and it required a score of mounted soldiers to hold at bay the mob bent on lynching her. Miss Fleming was armed only with a petition against the forcible feeding of imprisoned suffragettes.

AUG. 5 AND 6 DATES
FOR TRAIL MEETINGConvention Takes Place at Hun-
ter's Hot Springs, Mont.

Livingston, Mont., July 11.—Secretary O. T. Peterson of the Twin Cities-Aberdeen and Yellowstone Park Trail association has been here to prepare the details of the convention to be held at Hunter, Aug. 5 and 6. He held a conference with Dr. S. F. Way, president of the Montana division, and George McCann. The secretary said the chief object of the meeting is to try to induce the department of the interior to permit entrance of automobiles in Yellowstone National park and to take steps toward extending the trail to Seattle, designating the route west of Livingston.

There will be at least 100 automobiles in the fleet that will travel westward from Minneapolis and points between that place and Livingston to Hunter's Hot Springs. The following is the schedule arranged for the trip: July 27, start from Minneapolis and arrival at Montevideo, Minn.; July 28, at Aberdeen; July 29 at McIntosh, S. D.; July 30 at Marmarth, N. D.; July 31 at Miles City; Aug. 1 at Millings and arrival at Hunter's Aug. 3.

The federal government will probably turn over some of the rock crushers used in building the Panama canal to the association for construction work on the trail.

Governor Stewart will be asked to deliver the address of welcome at the convention. Just who will respond has not been determined.

STORMS TAKE SIX LIVES
Thousands of Dollars' Worth of Prop-
erty Damaged.

Philadelphia, July 11.—Six persons killed and property damage estimated at thousands of dollars was the toll of cloudbursts and electric storms in the Lebanon valley and the anthracite coal regions of Pennsylvania. Three persons were drowned in Scranton and vicinity in a flood that followed the cloudburst; one man was killed by lightning at Wilkesbarre and two met death at Lebanon, one when he stepped on a live wire broken during the storm and another by lightning.

COMMITTS SUICIDE
WITH BROKEN GLASS.

Glasgow, Mont., July 11.—Unable to sleep C. O. Marlatt, held for drunkenness, notified the jailer that he was preparing for his funeral. When that officer left him Marlatt shattered a window pane, took a sliver of the glass and jabbed it into his jugular vein. He was dead when found.

St. Paul Road Officials Order Five
Locomotives for Freight Usage.

Milwaukee, July 11.—St. Paul road officials have placed an order for five large locomotives for freight service, to be ready to handle the expected enormous grain business from the West this fall. The road is overhauling freight cars to make certain of enough rolling stock to handle the business.

SIX CHINESE ARE INDICTED

Crusade in Chicago Against Manu-
facture of Opium.

Chicago, July 11.—Six Chinese were indicted here on charges of manufacturing opium for smoking.

Their indictment is the beginning of the government's prosecution of an alleged opium combine, involving wealthy orientals, which is believed to have its headquarters here.

BISHOP WHITE RECOVERING

Physician Says Clergyman Will Not
Lose His Eyesight.

Laporte, Ind., July 11.—Bishop John Hazen White will not lose his eyesight as it was feared, his physician is quoted as saying. The crisis has passed and he is improving. Bishop White, before his elevation to the bishopric, was pastor of St. Paul's Episcopal church in St. Paul.

TECHNICALLY ESCAPES
FROM ILLINOIS PRISON.

Joliet, Ill., July 11.—Beatrice L. Conway, an accomplice in the murder of Sophia Singer in Chicago, who has been pardoned, technically escaped from the state penitentiary here.

Dressed in street garb she was waiting in the warden's offices for her formal discharge when she became restless and walked out of the prison gates without question.

Deputy Warden Walsh found the young woman eating in a nearby restaurant. He escorted her back to prison, where she was handed her discharge papers.

Warm Contest Brewing Over Fed-
eral Reserve Nominee.

PRESIDENT STANDING FIRM

Democratic Senators Who Intend Supporting Chief Executive in His Fight for Confirmation of Thomas D. Jones of Chicago Are Busily Engaged in Preparing for the Struggle.

Washington, July 10.—Democratic senators who propose to stand by President Wilson in his fight for confirmation of the nomination of Thomas D. Jones of Chicago as a member of the federal reserve board were engaged in preparation for the contest when it reaches the senate.

It is conceded that a battle royal is ahead in which the president will be forced to clash with some members of his own party.

As to the action of the committee in deciding to postpone further consideration of the nomination of Paul M. Warburg of New York, unless he changes his mind and decides to accept the committee's invitation to appear before it and submit to questioning, there were few actual developments.

At the White House it was evident that the president had determined to champion Mr. Warburg's nomination to the end.

There was a suggestion current about the Capitol that an understanding might be reached as to what the committee wants to know from Mr. Warburg and the banker was informed that there is no desire to pry into personal affairs to an extent that might be embarrassing to his clients.

The committee will meet on Monday, after which Senator Hitchcock, acting chairman, expects to submit to the senate the adverse report on the nomination of Mr. Jones.

A favorable minority report will be made by Senators Lee of Maryland, Hollis, Pomerene and Shafroth.

EDWARDS MUST PAY \$17,425

Verdict Against Wealthy St. Paul Man
Is Upheld.

St. Paul, July 11.—The \$17,425 verdict awarded to Ada M. Cox, Chicago stenographer, in her suit against William Rufus Edwards, wealthy St. Paul lumberman, for breach of promise, is not excessive, the state supreme court held.

The court holds that a release of Miss Cox's cause of action against Edwards for \$250 was obtained by fraud.

Miss Cox claimed that on Oct. 10, 1910, Edwards and herself entered into a contract to marry. Their relations were aired in St. Paul at two trials.

Miss Cox was awarded \$15,203 at the first trial, which the trial court cut down to \$12,500. The case was appealed to the supreme court and a new trial ordered.

The verdict at the second trial was \$17,425. The trial court declined to reduce it and Edwards appealed a second time.

Edwards has been indicted by a federal grand jury in Chicago on the charge of violating the Mann act in connection with the same case.

UNABLE TO FIND ROBBERS

Men Who Held Up the "Katy Flyer"
Make Their Escape.

St. Louis, July 11.—Search for the robbers who held up the westbound "Katy Flyer" on the Missouri, Kansas and Texas railroad, sixty miles northwest of here, continued without definite result.

Sheriff Dierker of St. Charles county searched both sides of the Missouri river near the scene of the robbery and finally became convinced that the robbers went down the Missouri river in a skiff.

The number of men who took part is uncertain. Members of the train crew said there were only two. Charles P. Pfeiffer, a track walker who surprised the men as they were robbing the express car, said there were five.

FEDERATION TO SUE BUTTE

City Is Held Negligent in Claim for
\$138,291.

Butte, Mont., July 11.—That the city of Butte was negligent in making no effort to suppress the riots of June 13, when the miners' union hall was wrecked and the records destroyed, and of June 23 when the building was dynamited and destroyed, is the charge made in a claim for \$138,291 filed with the city clerk by officers of Butte local No. 1 of the Federation. This step was said to be preliminary to filing suit against the city.

HOW OLDER NATIONS STAND

Statement Points Out That a Large
Proportion of Advanced Countries
Show an Excess of Imports Over
Exports of Merchandise—World's
Commerce Approximates Forty Bil-
lion Dollars.Washington, July 11.—In connection
with "the recent phenomenon of an
excess of imports over exports in
April and May," the department of
commerce, in a statement on the com-
merce of the world and international
balances of trade, announced that the
net export balance of the United
States probably will exceed \$400,000,
000 for the current fiscal year. This
will be about \$250,000,000 less than
last year's balance.The department pointed out that a
large proportion of the older and more
advanced nations show an excess of
imports over exports of merchandise.
Canada shows a balance on the im-
port side, but nearly all other Ameri-
can countries show larger exports.
"The world's commerce, as far as
ascertainable," said the department's
statement, "approximates \$40,000,000,
000, imports being \$21,000,000,000
and exports \$19,000,000,000. The excess
of \$2,000,000,000 on the import side is ac-
counted for, in part, by the fact that
many importing nations include in
their import values the cost of inland
freight, insurance and other charges
and, in some degree, to the closer
scrutiny of import values, which are
frequently the basis of customs revenue."

ABANDON FUNERAL PARADE

New York Reds Will Merely Make a
Demonstration.New York, July 11.—No attempt
will be made by anarchists to hold
the proposed funeral parade in honor
of the men who were killed in the
bomb explosion last Saturday. This
was announced by Alexander Berk-
man.Earlier the anarchists had declared
their intention of holding the parade
in defiance of orders by the mayor
and police commissioner to the con-
trary.There will be a demonstration at
Union square, Berkman said, but the
ashes of Arthur Caron, Charles Berg
and Carl Hansen would not be pres-
ent. The bodies of the three men
were cremated Wednesday.Mayor Mitchell said prior to the de-
cision of Berkman that there must be
no parade. It would tend to breed
disorder, he thought, and lead to a
breach of the peace.

Stanley Bowdye of Ohio introduced
a bill in the house to tax the
incomes of Americans who marry
foreign titles 20 per cent in addition
to the regular income tax under the
Underwood-Simmons law."Cincinnati is pretty well represent-
ed among titled nobility," he said.

the list will be complete.""The rush for the dual bargain
counter is immense. The bill which

comes Foreign Minister.Mexico City, July 11.—Francisco
Carbajal, chief justice of the supreme
court, took the oath of office as for-
eign minister. The chamber of depu-
ties will meet on Monday to discuss
the presidential elections.It is understood that they will be
declared null and void, but what fur-
ther steps will be taken in connection
with the election is a matter of con-
jecture.

BURNS AND MRS. CARMAN.

Detective Is Accused of
Using Third Degree Methods.

MRS. CARMAN STAYS IN JAIL

Her Examination Is Deferred Until
July 21.Mineola, N. Y., July 11.—It will be
eleven days at least before Mrs. Flo-
rence Conklin Carman, accused of the
murder of Mrs. Louise Bailey, can
hope to leave the Nassau county jail
here, according to an agreement
reached between her counsel, George
M. Levy, and District Attorney Louis
J. Smith.Mrs. Carman's examination before
a justice of peace, set for Monday,
has been deferred by agreement of
counsel until July 21.FOILED IN EFFORT
TO REGAIN CHILDSt. Louis Man Kills One and
Wounds Three.St. Louis, July 11.—Foiled in an at-
tempt to regain their child from his
estranged wife, and her parents, Ed-
ward Ellebrack shot and killed his
mother-in-law and then shot his wife,
his father-in-law and a visitor at the
home.He also tried to shoot his sister-in-
law, but missed her and attempted to
shoot his brother-in-law, but had run
short of bullets by that time. Elle-
brack escaped.Ellebrack had called at the home of
his wife's parents and found the en-
tire family sitting on the porch. At
an opportune time he made a grab
at Edna, his two-year-old daughter,
who was sitting in his wife's lap. The
family jumped to the aid of his wife.Ellebrack dropped the child, whip-
ped out a revolver and began shoot-
ing. Taking careful aim he shot first
at his mother-in-law, then his father-
in-law, his wife, Wernecker and Mrs.
Celia Hortsman, his sister-in-law, all
but the latter fell wounded. He es-
caped.

PERFECTING TRUST BILLS

Senate Committees Hope to Present
Measure Monday.Washington, July 11.—Determined
to perfect the administration anti-
trust bills by Monday if possible the
senate judiciary and interstate com-
merce committee labored long and
earnestly.The interstate commerce commit-
tee succeeded in perfecting the inter-
state trade commission bill already
before the senate, adding two im-
portant amendments and determining
not to amend the much questioned
section 5 in which unfair competition
is declared unlawful.

GOTHAM PRISONERS MUTINY

Convicts on Blackwell's Island At-
tack Warden and Guards.New York, July 11.—Mutinous pris-
oners in the penitentiary on Black-
well's Island, many of whom have
been put on bread and water fare be-
cause of outbreaks, attacked their
guards. When the doors of the forty-
four cells were opened the men
swarmed into the corridors and, seiz-
ing heavy galvanized iron buckets,
hurled them at the guards and the
warden.

GOOD CANDIDATES SCARCE.

General Impression Among Repub-
licans in Washington Is That They
Can Win With T. R.—Important Bills
Held Up and Will Not Be Considered
Before the Short Session.

By ARTHUR W. DUNN.

Washington, July 11.—[Special.]—
"Roosevelt will be nominated by the
Republicans in 1916 if he does not put
it beyond our power to vote for him,"
was a statement made by one of the
prominent members of the house of
representatives.That and similar statements have
been made by dozens of Republicans
who earnestly supported President
Taft in 1912. The general expressions
among Republicans would indicate
that they think that they can win with
Roosevelt, and they seem to be an-
xious that he shall not take such a
prominent part in the present cam-
paign as to make his nomination im-
possible.

No One in Sight.

"Here we are within less than two
years of the time when we will be
naming a candidate for president, and
there is no one in sight that could be
suggested as a probability of the Re-
publican nomination in the event that
Roosevelt's nomination becomes im-
possible." That remark was made by
the same Republican, and he was but
repeating the conclusions of many Re-
publicans who discuss politics in the
cloak rooms and committee rooms of
the capitol.It is certainly a peculiar condition.
Two years before the last Democratic
convention, with the possibility of suc-
cess ahead, the Democrats had an ar-
ray of candidates which seemed to in-
dicate a marvelous quantity of presi-
dential talent. But here are the Re-
publicans, rather confident of success
in 1916, but without any idea as to who
shall be their standard bearer.

Important Measures Held Up.

The senate took time to run through
the calendar of business not long since
and found that there were a large
number of important measures that
were still held up awaiting time for
consideration. One of these is the im-
migration bill, and another is the radium
bill.Then there are several amendments
to the constitution, one of which Sen-
ator Shafroth of Colorado insists shall
receive attention. It proposes to change
the time of the inauguration and the
times when terms of congress shall
begin. Then there are public land bills
of various kinds which senators hope
to have considered. It looks as if all
of this legislation might be put over
to the short sessions.

"In the Nine Hole."

I think it is an expression from pin
pool "in the nine hole," a place which
is generally considered undesirable. In
the senate they have a rule nine calen-
dar, and when bills go on that calen-
dar they are practically in the nine
hole, with not much hope of resurrec-
tion. A resolution which was debated
at considerable length and provided
for the limitation of the amount of
money which senators could expend
for telegrams has found its way to the
calendar under rule nine, with the
chances of remaining in that unde-
sirable position until it is entirely forgot-
ten.

Ashurst Surprised Them.

Senator Ashurst of Arizona by an
unexpected situation found himself
chairman of the committee on Indian
affairs. The Indian appropriation bill
is about as difficult a proposition as
any man pilots through the senate, and
everybody was wondering what Sen-
ator Ashurst was going to do with it.
The Arizona senator is a right good
talker, and he likes to hear himself
talk about as well as anybody else.It was expected that he would an-
swer every inquiry and speak on every
proposition when the Indian bill was
up, but he surprised them all by re-
maining quiet and only answering
questions that were directly put to
him. There was a lot of talk on the
Indian bill, but mighty little of it
came from Ashurst. The result was
that everybody congratulated him
upon the manner in which he handled
the Indian bill.

Farmers in Congress.

It is quite a popular fad for mem-
bers of congress to call themselves
farmers, and nearly all of the southern
men, although they are mostly law-
yers, often class themselves as farm-
ers. In addition to practicing law
nearly every southern member has a
good sized farm somewhere. The
southerners pride themselves on their
farming abilities.

Confidence in Bristow.

A number of bills were being consid-
ered in the senate and finally a claim
bill was reached, and some senator
suggested that the bill go over until
its provisions could be explained.
"There can be no question whatever
about any claim bill that has been re-
ported by the senator from Kansas,
Mr. Bristow," declared Senator Smoot
of Utah. "This is a just claim or he
never would have reported it."

Society Note.

"She was once a headliner in soci-
ety." "Yes? Now she isn't even a
footnote."—Smart Set.

GEORGE AND MARY.

Suffragette Attempts
to Present a Petition.

SPRINGS ON KING'S AUTO

Militant Suffragette Has Narrow Es-
cape From Lynching.Perth, Scotland, July 11.—A milit-
ant suffragette uttering an exultant
yell sprang on to the footboard of an
automobile in which King George and
Queen Mary were driving through the
streets of Perth.The woman, identified as Rhoda
Fleming, from Glasgow, seized the
handle of the door before the paralyzed
police could act. Two policemen
then seized her and it required a
score of mounted soldiers to hold at
bay the mob bent on lynching her.
Miss Fleming was armed only with a
petition against the forcible feeding
of imprisoned suffragettes.AUG. 5 AND 6 DATES
FOR TRAIL MEETINGConvention Takes Place at Hun-
ter's Hot Springs, Mont.Livingston, Mont., July 11.—Secre-
tary O. T. Peterson of the Twin Cities
Aberdeen and Yellowstone Park Trail
association has been here to prepare
the details of the convention to be
held at Hunter, Aug. 5 and 6. He
held a conference with Dr. S. F. Way,
president of the Montana division,
and George McCann. The secretary
said the chief object of the meeting
is to try to induce the department of
the interior to permit entrance of au-
tomobiles in Yellowstone National park
and to take steps toward extending
the trail to Seattle, designating the
route west of Livingston.There will be at least 100 automo-
biles in the fleet that will travel west-
ward from Minneapolis and points
between that place and Livingston to
Hunter's Hot Springs. The following
is the schedule arranged for the trip:
July 27, start from Minneapolis and
arrival at Montevideo, Minn.; July
28, at Aberdeen; July 29 at McIntosh,
S. D.; July 30 at Marmarth, N. D.;
July 31 at Miles City; Aug. 1 at Mil-
lings and arrival at Hunter's Aug. 3.The federal government will prob-
ably turn over some of the rock
crushers used in building the Panama
canal to the association for construc-
tion work on the trail.Governor Stewart will be asked to
deliver the address of welcome at the
convention. Just who will respond
has not been determined.

STORMS TAKE SIX LIVES

Thousands of Dollars' Worth of Prop-
erty Damaged.Philadelphia, July 11.—Six persons
killed and property damage estimated
at thousands of dollars was the toll of
cloudbursts and electric storms in the
Lebanon valley and the anthracite coal
regions of Pennsylvania. Three per-
sons were drowned in Scranton and
vicinity in a flood that followed the
cloudburst; one man was killed by
lightning at Wilkesbarre and two met
death at Lebanon, one when he stepped
on a live wire broken during the
storm and another by lightning.+ + + + +

PRESIDENT STANDING FIRM

Democratic Senators Who Intend Sup-
porting Chief Executive in His
Fight for Confirmation of Thomas
D. Jones of Chicago Are Busily En-
gaged in Preparing for the Struggle.Washington, July 10.—Democratic
senators who propose to stand by
President Wilson in his fight for con-
firmation of the nomination of Thom-
as D. Jones of Chicago as a member
of the federal reserve board were en-
gaged in preparation for the contest
when it reaches the senate.It is conceded that a battle royal is
ahead in which the president will be
forced to clash with some members
of his own party.As to the action of the committee in
deciding to postpone further consid-
eration of the nomination of Paul M.
Warburg of New York, unless he
changes his mind and decides to ac-
cept the committee's invitation to ap-
pear before it and submit to ques-
tioning, there were few actual de-
velopments.At the White House it was evident
that the president had determined to
champion Mr. Warburg's nomination
to the end.There was a suggestion current
about the capitol that an understand-
ing might be reached as to what the
committee wants to know from Mr.
Warburg and the banker was informed
that there is no desire to pry into
personal affairs to an extent that
might be embarrassing to his clients.The committee will meet on Mon-
day, after which Senator Hitchcock,
acting chairman, expects to submit to
the senate the adverse report on the
nomination of Mr. Jones.A favorable minority report will be
made by Senators Lee of Maryland,
Hollis, Pomerene and Shafroth.

EDWARDS MUST PAY \$17,425

Verdict Against Wealthy St. Paul Man
Is Upheld.St. Paul, July 11.—The \$17,425 ver-
dict awarded to Ada M. Cox, Chicago
stenographer, in her suit against Wil-
liam Rufus Edwards, wealthy St. Paul
lumberman, for breach of promise, is
not excessive, the state supreme court
held.The court holds that a release of
Miss Cox's cause of action against Ed-
wards for \$250 was obtained by fraud.Miss Cox claimed that on Oct. 10,
1910, Edwards and herself entered into
a contract to marry. Their relation-
ships were aired in St. Paul at two
trials.Miss Cox was awarded \$15,203 at
the first trial, which the trial court
cut down to \$12,500. The case was
appealed to the supreme court and a
new trial ordered.The verdict at the second trial was
\$17,425. The trial court declined to
reduce it and Edwards appealed a second
time.Edwards has been indicted by a
federal grand jury in Chicago on the
charge of violating the Mann act in
connection with the same case.

UNABLE TO FIND ROBBERS

Men Who Held Up the "Katy Flyer"
Make Their Escape.St. Louis, July 11.—Search for the
robbers who held up the westbound
"Katy Flyer" on the Missouri, Kan-
sas and Texas railroad, sixty miles
northwest of here, continued without
definite result.Sheriff Dierker of St. Charles county
searched both sides of the Missouri
river near the scene of the robbery
and finally became convinced that
the robbers went down the Missouri river
in a skiff.The number of men who took part
is uncertain. Members of the train
crew said there were only two.
Charles P. Pfeiffer, a track walker who
surprised the men as they were rob-
bing the express car, said there were
five.

FEDERATION TO SUE BUTTE

City Is Held Negligent in Claim for
\$138,291.Butte, Mont., July 11.—That the
city of Butte was negligent in making
no effort to suppress the riots of June
13, when the miners' union hall was
wrecked and the records destroyed,
and of June 23 when the building was
dynamited and destroyed, is the
charge made in a claim for \$138,291
filed with the city clerk by officers of
Butte local No. 1 of the Federation.
This step was said to be preliminary
to filing suit against the city.

WIRELESS TELEPHONE FOR WEALTHY ONLY.

Rates So High Only Rich Can Talk Across Atlantic, Says Marconi.
The wireless telephone will be too expensive to become a public service, but it will be a boon to privileged persons. William Marconi declared. He has been experimenting in Fawley, England, since the first of the year on the wireless telephone, with such success that he says he will be able to talk to America before 1914 fades.
It is more the achievement that interests him than getting money from the people, he said, but admitted that wealthy persons probably would be willing to pay the high rates. He said only one conversation could be carried on at one time between a station in England and one in America, but of course other stations could be built, and then each pair could carry on independent conversations. He would not venture to say how much a station would cost, but the wireless telegraph station at Carnarvon, Wales, cost \$400,000, and whether it will be necessary to utilize all the apparatus for wireless telephony he was not prepared to say.
He admitted that \$50,000 had been spent thus far in experiments. Night is better than day for wireless talking, he said, and women's voices are heard equally as well as men's, but Italian is better than English, probably because most Italian words have vowel endings. The apparatus has been tried between London and Chelmsford, twenty-nine miles apart. The next step will be between London and Fawley, a distance of seventy miles, and then Marconi will try a conversation across the Atlantic.

Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Carl Erickson, who was picked up by Officer Scott, gave people of the Bay Lake country a bad scare. Half demented, he knocked at the doors of farm houses, asking for a gun with which to kill himself. Near Nokay lake he took to the marshes and ran straight across the shallow end of the lake, hatless, coatless, shoeless, wearing a fluttering shirt and overalls.

James O'Brien saw him tearing through this shortcut and on to Brainerd and when he arrived he told Officer Scott about the matter and the latter arrested Erickson.

Thursday being the birthday of Rev. A. B. Colvin, pastor of the Swedish Baptist church, the members gave him a very pleasant surprise. Many were gathered for the regular prayer service and after the pastor had given his Bible exposition, Gust Quallstom, the vice chairman of the church, took the floor and spoke of the pastor, his noble work and his birthday. A valuable, useful and beautiful birthday gift was presented to Rev. Colvin as a token of love and esteem. After words of congratulations and best wishes had been spoken the ladies of the church served delicious refreshments and a social hour was enjoyed by all present. The pastor extends his hearty thanks to one and all who so generously remembered him on his birthday.

WIRELESS TELEPHONE FOR WEALTHY ONLY.

Rates So High Only Rich Can Talk Across Atlantic, Says Marconi.

The wireless telephone will be too expensive to become a public service, but it will be a boon to privileged persons, William Marconi declared. He has been experimenting in Fawley, England, since the first of the year on the wireless telephone, with such success that he says he will be able to talk to America before 1914 fades.

It is more the achievement that interests him than getting money from the people, he said, but admitted that wealthy persons probably would be willing to pay the high rates. He said only one conversation could be carried on at one time between a station in England and one in America, but of course other stations could be built, and then each pair could carry on independent conversations. He would not venture to say how much a station would cost, but the wireless telegraph station at Carnarvon, Wales, cost \$400,000, and whether it will be necessary to utilize all the apparatus for wireless telephone he was not prepared to say.

He admitted that \$50,000 had been spent thus far in experiments. Night is better than day for wireless talking, he said, and women's voices are heard equally as well as men's, but Italian is better than English, probably because most Italian words have vowel endings. The apparatus has been tried between London and Chelmsford, twenty-nine miles apart. The next step will be between London and Fawley, a distance of seventy miles, and then Marconi will try a conversation across the Atlantic.

BUSINESS IS IMPROVING

At Staples All Brakemen and Conductors are Being Called in to Man the Trains

BOILERMAKERS ON FULL TIME

Go Back to Their Regular Schedule of 8 Hours 6 Days a Week Commencing Today

Business is improving in this district. At Staples all brakemen and conductors are being called in to man the trains. Conditions there in the railway world are decidedly better over last month and now almost equal the same period last year.

At Brainerd today the boilermakers went on their regular schedule of 8 hours 6 days a week.

Crops look well in Crow Wing county and any injury to the oats yield has been done away with by the hot weather now being experienced. Farmers say the county's corn yield will be a record one.

There is a better feeling on the Cuyuna iron range and the shipping season will soon be on in full blast. Investments on the range, mapping out of development work, preparing for a heavy production has never ceased for a moment.

The prospects of a record breaking wheat crop will make busy times on the Lake Superior division of the Northern Pacific railway and soon strings of wheat cars will be rushed through Brainerd in a steady stream.

At the Columbia

The Columbia have secured for today the greatest 2 reel Kalem ever made, entitled, "The Treasure Ship." Upon the same program can also be found a Biograph drama and a comedy by the Essanay company of stars. Today Tom Woods sings the funniest German song you ever heard that's all. And you should see his make-up.

Sunday as usual this popular playhouse has long in advance arranged a strong program. Music will play an important part.

Spring Laxative and Blood Cleanser

Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c at your druggist. H. P. Dunn, druggist.—Adv.

Peoples Congregational church—The usual evening service will be held at the above church next Sunday evening at 7:45. The public are cordially invited to attend the same. D. T. Jenkins, pastor.

The Zions Evangelical-Lutheran church, corner Main and 8th Sts. will hold German services Sunday morning at 10:30 and English services in the evening at 7:30. Sunday school at 9:30. All are welcome.

First Presbyterian church—Morning worship and praise at 10:30 a. m. Theme "The Modern Tendency Toward Judaism." Evening service at 8. Theme "Growing in Grace." The Sabbath school meets at noon, the Christian Endeavor at 7. All are welcome to these services. Rev. W. J. Lowrie, pastor.

First Congregational church—Rev. G. P. Sheridan will occupy his pulpit Sunday morning, preaching the fourth in the series of sermons on Christ, his theme being "The Unrecognized Christ." Following the service the Bible school will hold its session. Miss Mabel Kronberg will sing a solo. You are cordially invited to worship with us.

Swedish Baptist church—Morning service at 10:30. The pastor will preach on the subject: "The Christian as an Example." Sunday school at 12 o'clock. Young Peoples' service at 7:30 p. m. Evening service with sermon at 8 o'clock. Subject: "The King's Minute-Men." Everybody is cordially invited to attend all of these services. "Come thou with us and we will do thee good." Rev. A. B. Colvin, pastor.

First Baptist church—Morning worship will be held at 11 a. m. The pastor will speak on "The Parable of the Sower." Evening service at 8 o'clock. The graduating exercises of the Teacher Training class from the Mission Sunday school will be held. The pastor will give an address on preparation for service. "The Larger Vision" by Dr. Joseph Nicholson; "Trained Workers" by G. A. Beale; presentation of diplomas by Mrs. Henry Olson; special music and baptism of new members will be interesting features of this service. Bible school at 9:45 a. m. B. Y. P. U. at 7 p. m. You are welcome.

First Methodist Episcopal—Services tomorrow at the usual hours. In the morning the pastor's class at ten and the regular services at ten-thirty. Mrs. George W. Keene, superintendent of Bennett Industrial School at Clarkson, Mississippi will make the morning address. Mrs. Keene comes with a most fascinating story of work among the poor white girls of the south. The Bible school at noon. In the evening the Men's gospel team will have full charge and the addresses will be entirely by laymen. The people will be interested in discovering the kind of work the men are doing at other places. There will be good music and a cordial welcome.

There is more Catarrh in the section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. HAUL CREAM 52 MILES TO CITY

Michaelson Brothers, of Little Pine, Make the Distance with a Converted Auto Truck

PRaise THE BRAINERD MARKET

Get Top Prices and Cash at the Brainerd Creamery Co., Benjamin S. Armstrong President

Brainerd is praised as a good market for cream. For the last eight weeks Michaelson Brothers, of Little Pine, 52 miles away, have marketed their cream in Brainerd at the Brainerd Creamery Co. on Laurel street. Regularly they have received weekly checks of from \$30 to \$40.

The trip to Brainerd and back was made in a converted auto truck and fair time made. The Michaelson Brothers were diverted to the Brainerd market in the first place by the high water and present poor roads leading to Aitkin, where they formerly hauled their cream.

They have been so well treated in Brainerd, especially speaking well of Benjamin S. Armstrong, president of the Brainerd Creamery Co., that it is doubtful if Aitkin ever gets back these customers.

Do Brainerd people want any other arguments for good roads? Look at the territory around Brainerd which would make this town its trading center if roads were continually improved and if Brainerd, like ancient Rome, had all roads lead to Brainerd.

Card of Thanks

To the lodges, kind neighbors and friends we wish through your paper to thank and express our sincerest gratitude for the aid and kindness, the sympathy and the many beautiful floral contributions during the illness and death of our beloved husband and father. Always shall we remember their kind deeds.

Mrs. George Sargent and Family. Advt.331

McNAUGHTON AT IRONTON

Young Track Star of Duluth Cleans Up Most of the Events at Fourth of July Meet

Conductor Joan McNaughton, of Duluth, one of the popular railway men on the Lake Superior division of the Northern Pacific, has a son Clio, who entered the events at Ironton on the Fourth and cleaned up most of the card.

He won gold cuff buttons, a stick pin, tie clasp, etc. In a challenge to the crowd for a final foot race, not a man would compete against the Duluth captain of the Washington school field meet. He holds the middleweight championship. The boy has not a single bad habit and keeps in perfect physical condition.

BECOMING A BRITON.

Easy For Aliens to Acquire Citizenship in England.

A large number of aliens become British subjects every year by taking advantage of the naturalization act. The process of taking out naturalization papers in England is delightfully simple. An application can be put through in a couple of weeks if good and sufficient reasons can be shown, while the average time elapsing between application for a certificate of naturalization and the granting of permission to file the oath of allegiance to the king with the home office, which automatically confers British citizenship, is only about eight weeks.

The naturalization act of 1870 requires that the applicant shall have resided in the United Kingdom at least five years and shall intend, when naturalized, to continue to reside here.

The lease of a house or an apartment is sufficient to establish legal residence. The landlord's word is taken as sufficient proof. The applicant has merely to fill in a blank with the details of his residence and other information and have the facts as to his residence verified by one British subject, while the applicant's respectability and loyalty must be vouched for by others. He then files the application with a £1 fee at the home office.

A special Scotland Yard detective is assigned to inquire into the case and examine all the statements on the applicant's memorial. Three months is allowed him in which to make his report, but a few weeks usually suffice. If the application is passed another fee of £2 is required. The applicant then has permission to file his oath of allegiance, which concludes the process.—London Tit-Bits.

About the Box Score

The sporting editor is in receipt of a two-page foolscap communication from Harry Maguire wherein he takes exception to the scoring of the Staples-Brainerd Fourth of July game. Mr. Maguire claims to have scored ball games over a great deal of the United States during the last five years and says his scoring of major league games even very seldom differs from that of the official scorers. The letter has been shown the official scorer of the Brainerd nine for his consideration and if there is room next week it will be printed.

LAWN TENNIS

Third Season of the Brainerd Club has Opened Most Auspiciously

The third season of the Brainerd Lawn Tennis Association has opened most auspiciously. The courts of the club are in fine shape due to the painstaking work of the grounds-keeper, Howard Kronberg, and the members of the association are playing daily in order to condition themselves for the tournaments which are planned for the coming month. Last year the club held a handicap tournament for the members to decide the city championship, the honors going to Supt. W. C. Cobb after a bitter struggle. An intercity tournament, with Crosby, Staples and Little Falls was also held, following which an organization was formed between these cities whereby this tournament could be made an annual affair. These tournaments will be held this year.

In addition it is planned to have several challenge matches with other cities in this part of the state.

The officers of the association this year are:

President—Dr. A. W. Ide.
Vice President—C. J. Duffey.
Secretary and Supt. of Construction—Lowry Smith.
Treasurer—P. W. Donovan.

Among the most enthusiastic users of the courts are the ladies who are planning an association of their own. They hold many spirited matches and the club will undoubtedly conduct a ladies tournament to determine the best player among them.

BUSINESS IS IMPROVING

At Staples All Brakemen and Conductors are Being Called in to Man the Trains

BOILERMAKERS ON FULL TIME

Go Back to Their Regular Schedule of 8 Hours 6 Days a Week Commencing Today

Business is improving in this district. At Staples all brakemen and conductors are being called in to man the trains. Conditions there in the railway world are decidedly better over last month and now almost equal the same period last year.

At Brainerd today the boiler-makers went on their regular schedule of 8 hours 6 days a week.

Crops look well in Crow Wing county and any injury to the oats yield has been done away with by the hot weather now being experienced. Farmers say the county's corn yield will be a record one.

There is a better feeling on the Cuyuna iron range and the shipping season will soon be on in full blast. Investments on the range, mapping out of development work, preparing for a heavy production has never ceased for a moment.

The prospects of a record breaking wheat crop will make busy times on the Lake Superior division of the Northern Pacific railway and soon strings of wheat cars will be rushed through Brainerd in a steady stream.

At the Columbia

The Columbia have secured for today the greatest 2 reel Kalem ever made, entitled, "The Treasure Ship." Upon the same program can also be found a Biograph drama and a comedy by the Essanay company of stars. Today Tom Woods sings the funniest German song you ever heard that's all. And you should see his make-up.

Sunday as usual this popular playhouse has long in advance arranged a strong program. Music will play an important part.

HAUL CREAM 52 MILES TO CITY

Michaelson Brothers, of Little Pine, Make the Distance with a Converted Auto Truck

PRaise the Brainerd Market

Get Top Prices and Cash at the Brainerd Creamery Co., Benjamin S. Armstrong President

Brainerd is praised as a good market for cream. For the last eight weeks Michaelson Brothers, of Little Pine, 52 miles away, have marketed their cream in Brainerd at the Brainerd Creamery Co. on Laurel street. Regularly they have received weekly checks of from \$30 to \$40.

The trip to Brainerd and back was made in a converted auto truck and fair time made. The Michaelson Brothers were diverted to the Brainerd market in the first place by the high water and present poor roads leading to Aitkin, where they formerly hauled their cream.

They have been so well treated in Brainerd, especially speaking well of Benjamin S. Armstrong, president of the Brainerd Creamery Co., that it is doubtful if Aitkin ever gets back these customers.

Do Brainerd people want any other arguments for good roads? Look at the territory around Brainerd which would make this town its trading center if roads were continually improved and if Brainerd, like ancient Rome, had all roads lead to Brainerd.

S. L. Frazier, Vice President of First National Bank of Verndale, Writes of Their Nine

BOYS GET GILT EDGE SUPPORT

Mr. Frazier, in Picturesque Word Painting, Tells of the 4th of July Game with Bertha

Brainerd plays Verndale at the Keering grounds on Sunday afternoon, and the Sport Page of the Dispatch, desirous of having some feature in the Saturday paper, wrote the manager of the Verndale team for a story of his nine.

In reply this communication was received from S. L. Frazier, the well known banker of the Northwest and vice president of the First National bank of Verndale:

"Your letter of the 7th instant addressed to the manager of the Verndale ball team was handed to me by the captain, L. H. Pettit, with a request that I undertake the job of fitting you out with something.

"I 'trussed' with an old typewriter last evening for a few precious and hot moments and enclose you the wonderful results thereof. Two of our boys are away and I am up to my 'whiskers' with work and did not even have time to rewrite and better arrange this article. If you can use it all well and good and if I owe you anything, send me the bill receipted, to be sure.

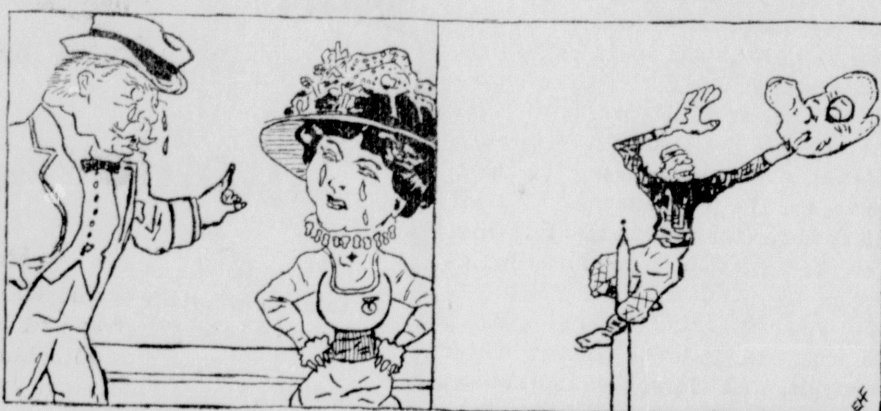

"Our team is all local, excepting the battery. The roster is as follows: Harris Gourd pitcher, 'Heinie' Theigs catcher, 'Shig' Adams first base, Capt. L. H. Pettit second base, 'Kid' Hodgins third base, 'Putt' Russ shortstop, Harry Johnson left field, 'Dick' Lloyd center field, J. D. Linehan right field.

"Mr. Frazier, the man who put Verndale on the map with the best bank ads ever written, then pays this glowing tribute to his home town of Verndale and its peerless baseball nine, and believe me, when Brainerd gets through playing Sunday afternoon they will know they have been playing with one of the best nines in this neck of the woods:

Verndale is a good live baseball town as well as a good live business

town. The business men rally to the support of the local team in royal fashion and the fans are loyal to the core, hence the boys play ball all the time and it is this support that has given the team the proper spirit and has had much to do with their phenomenal success.

In baseball, as in the more important games of life, boosting beats knocking all hollow, and those Verndale fans are so intensely interested,

The girlie sympathizing with Gourd Linehan taking on a high-fly, nit at loss of game

and so real, when they hear a man "kicking" on the team they just naturally "lassoo" him and string the rascal up on the nearest telephone pole. Being a real fan and standing "pat" on your team is the "stuff" that helps the boys bring home the bacon.

Appreciation is the main thing and the "fan" who raises up on his hind legs and "knocks" every time a player makes an error is no fan at all. The genuine "sport" is always ready to pat the fellow on the back when he falls down and encourage him to do better next time. Some fans in some towns insist on their team winning all their games, by hook or crook, and when they lose out, as the best of them will, now and then, they sulk in their tents and refuse to patronize the game.

These are the cheapest kind of tin-horn sports and will kill the game no matter how high class the material.

Many a little town has good baseball material and would have a good fighting team if the home people

weren't so darned stingy with their money and so "weak-sistered" in their loyalty. To have a winning ball team the boys must possess the proper fighting spirit, the "never-say-die" kind, the knock down and drag out sort and with the right backing, financially and the proper support, morally, any old kind of a team will give a good account of itself.

There is a something in a red-hot ball game that enthralls and intoxicates, stirs the blood, takes the kinks out of a fellow's side, scatters the blues to the four winds of heaven, puts Old Man "Worry" out of business, causes us to forget our troubles, makes our circulation good, aids digestion and sends us home to a square meal and a good night's rest. We have seen sane, sensible, sor-

rowful looking men, with anaemia, ring-bone, hock-spavin, dyspepsia, arterial sclerosis and all the other ills human flesh is heir to, throw their ready hats in the air, join the "holy jumpers," swing their arms flail fashion, yell themselves hoarse, hug their nearest neighbor, regardless of age, sex or previous condition of servitude, laugh, cry, sing, dance, turn somersaults, chatter like the monkeys men are, and act like humans quite demented, over some sensational play or some wonderful "coup" in a ball game, but it is all right folks, perfectly all right, as it does them no harm and a world of good.

The Verndale team does not look like "giant" killers on paper, and they are not, but they are imbued with the proper spirit by reason of the gilt edge support and splendid loyalty of the home lovers of the great National pastime.

The following games have been won this season and we leave our readers to judge of the quality of ball the boys are putting up, as these teams

are the strongest in this section of the state.

Henning 10 to 1; 1 to 0 and 4 to 0. Bertha 3 to 0 and 2 to 0. Little Falls 7 to 0 and 4 to 2. Frazee 2 to 1. Staples 8 to 2. Perham 4 to 3.

However, the game the boys wanted to win, most of all, being the 4th of July affair at Bertha before a mighty crowd of wild-eyed fans, was lost in "shameful" fashion, but at that the team fought it out to the finish and never weakened in their efforts until the last man was out in the 9th inning.

The week before, Verndale skinned them beautifully, playing an errorless game and handling the most difficult chances in Hal Chase style and with all the finish and easy grace of LaJoie. Harris Gourd, on that occasion struck out 16 men and allowed just one little measly "scratch" hit, the final score being 2 to 0.

On the glorious 4th, it was very different. Everybody expected Verndale to win and the only kind of a wager a Bertha fan was willing to place was to the effect that Bertha would get at least one lone tally. The result of the game but illustrates the uncertainty of the most certain and dead-sure assertions.

Let us tell you about the game, which our boys were so cock-sure of winning.

The bald facts are that every man on the team who had a chance made an error and that is "going some."

Mr. Gourd, a very fast and dependable fielder of his position, (and some twirler) saw a slow bouncer coming his way and pulling his cap around to one side, looked up in the grand stand, winked at a pretty girl, stooped gracefully to receive the "roller" made a mess of it, fell down and rolled over while the 3d baseman was making frantic efforts to catch the man at first, which he did not do.

Then the gentleman who undertakes to see that 3d base isn't stolen by the enemy, dives after a grounder (dead easy of course) but just then some "skirt" on the side lines made a very sarcastic remark and the Verndale boys not being used to sarcasm, Mr. Hodgins very properly juggled the

Dick Lloyd after a successful argument with the Umps

sphere (an expert sleight of hand artist is he) and of course the runner is safe.

Later in the day Mr. Gourd tried to get his digits on the elusive pellet, again, and just to show you that he was still there with the clean stuff and not in the least disconcerted by his former mishap, he arched his manly shoulders, looked at another "girlie" this time, laughed right out loud and as he reached for the ball stepped on himself and immediately stood on his head (an acrobat of the first water.)

Not to be outdone, the handsome Captain, Mr. Lynn Henry Pettit, Esq., tried to pick up an easy grounder at second and instead brought up with a handful of grass and catching hay doesn't win ball games, you know.

To help establish a record our famous shortstop, "Putt" Russ, fell down so hard it shook the grandstand. Then a little later, "Shig" Adams the nifty first baseman let one go through him, or more properly speaking, around him, and that is where Miss Bertha got her first tally.

Nevertheless, after all that calamity the game stood 1 and 1 at the 7th inning.

The boys were all on the "wobble" and there were three on and two out. A Bertha batter who was never known to make a hit in his life, lifted a short fly into right field and our tonsorial artist, Mr. John Dan Linehan went after it. Dan had been out the night before and went to sleep just before the ball hit his hands. Dan fell down a couple of times, turned somersaults, fell down again and finally getting hold of the ball threw it, sitting on the ground, into center field, and all three men ran home and so the game ended 4 to 1 in favor of the enemy.

Now the fans in the most towns would have been sore but not the Verndale bunch. They simply patted the boys on the back and wished them better luck next time and that is why Verndale has such a rattling good ball team, a team that nothing short of the big leaguers can lick, when they are going right.

The strongest and most effective support you can give a ball team is to stand "pat" when luck is a "agin" 'em.

'Rah for Verndale and her dandy ball team.

WOODROW GIANTS GREAT ATHLETES

Win the Fourth of July Game from Malmo 3 to 1 at Midland, One of Best Played

CHAS. CANNON AS WRESTLER

Malmo Mat Man Scheduled for a Bout Takes one Look at Cannon and says "Nothing Doing"

In a note from F. G. Cannon, the latter has this to say of the Woodrow Giants ball team:

"The Woodrow Giants have not only proven themselves good ball players, but good all round athletes as well.

Besides beating Malmo, the winner of the Dykeman-Malmo game at Midland on July 4th, they took eight prizes in the running and jumping contests.

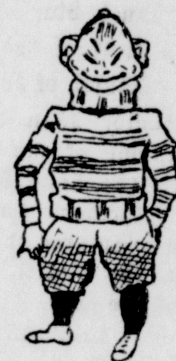

The wrestling match scheduled between Charles Cannon, the big outfielder of the Giants, and the Malmo mat artist was called off. The Malmo representative took one look at the big ball tosser, backed off and said: "Nothing doing."

The game played between Woodrow and Malmo was one of the greatest ever played around the lake. Both teams played splendid ball, but it was a case of too much Novotny for Malmo. The feature of the game was the playing of Cooley on first. The big driller grabbed several hard chances, his hit hammering in the two winning runs and making the final score Woodrow 3, Malmo 1. The batteries for Woodrow were Frank Cannon and Novotny, for Malmo, Burglund and Nustrum.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill nourished. The refreshing influence of this extract of native medicinal plants has been frequently known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form; or send 25 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

July Clearance Sale

- at -

B. KAATZ & SON

Our Semi-Annual Clearance Sale starts Monday, July 13 and closes July 31st.

At this sale everything in summer merchandise will be placed on sale, in fact, everything in our entire store will be sold at a reduction, and it will mean big savings to you.

Take our Millinery Department, for instance. Everything in our Trimmed and Untrimmed Hats, Flowers, Feathers, etc., will be sold at about one-half their original cost. We placed on sale some hats at 49c, 79c and \$2.79, none higher.

You can buy the best hat we have for \$2.79

You will find bargains in every department, but space does not permit us to mention more at this time.

Watch this space and our windows for the Extra Specials every day.
